

The **Christmas Fun Day** at Towerpoint is a time for some festive tennis. Last year the theme was a challenge match between team Canada and team USA. Team USA required a number of Canadian import players to even out the teams and we all did our bit to promote good international relationships.

The previous year the Christmas fun day theme highlighted the early days of tennis with the women in long skirts and everyone playing with wooden racquets. The day was called the "Winter Splinter". A pleasant nostalgic experience.

Each year we look forward to an interesting new theme. This year rumor has it that teams will be competing for their assigned country similar to the Davis Cup format.

Check the bulletin board for date and sign-up sheet.
