During the week, players are usually on the courts just after 7:00am and can play till 8:00am or longer if regular league matches are not scheduled or the court is not reserved.

As a general rule, no drop-in tennis is allowed on unused courts while league match play is in progress. However, the Towerpoint Team Captain may give permission for open courts to be used during league match play if there are several unused courts.

On weekends, courts #1 & 2 are open play. Courts #3, 4, & 5 are open if not reserved. Towerpoint is renowned for courteous drop-in tennis play. Occasionally courts are reserved for weekend fun events.

Please check the Events Calendar and the on-line Court Reservation Screen for Open Court Times.
