

Two Jacks Fun Tennis Event

One of the most popular tennis activities at Towerpoint is the **Two Jacks** competition, a tennis mixer held several times during the season. This competition is named for the two men who started it: Jack Rose and Jack Wakeman, two long-time members of the Towerpoint Tennis Club.

According to Jack Rose, it all began in 1995 to encourage beginning players to come down to the courts to play more often. Their idea was simple - match an experienced player with someone new to tennis, play several short matches, and enjoy coffee and doughnuts together. A nice way to spend a Saturday morning.

On Saturday morning the more experienced player drew the name of a newer player and a team was born. Each team is guaranteed at least two matches, with the winners moving into the Championship round and the losers into the Consolation group.

Jack Rose and Jack Wakeman emphasize their original intent was to make this a fun mixer.

Open to all Towerpoint residents. Men & women of all skill levels.

Rules: Play four points per game. No deuces. First team to win four games wins.
